# West Branch Cemetery,

## Union Township, Miami Co Ohio

This cemetery is located in the north-east corner of the north-east quarter of Section 32, Township 7, Range 5. By road it is south from West Milton on State Route 48 to the Garland Road, east on Garland Road to its intersection with Mote Road. The cemetery is passed by Garland Road on the north and by Mote Road on the east. The cemetery has a brick wall surrounding it facing both roads. The wall has two plaques on it, one on each side of the gate:

Plaque #1 reads: *"West Branch Burial Ground"*

Plaque #2 reads: *"Erected 1948 in memory of Samuel & Anna Jay Jones. This wall contains brick from the Friends meeting house which stood across the road in active service from 1804-1906."*

The cemetery is well taken care of. There are numerous pieces of stone marking graves which apparently have never had any inscription on them. Many of the stones are hand-engraved. Inscriptions taken 1964, rechecked 1968 by Mrs. Don Short-Inscriptions begin with west side, working eastward.

Highland Cemetery History
(inscriptions start eight paragraphs below)

This cemetery is located on the north edge of Covington, Ohio and is the largest cemetery in Newberry Township. In 1978 it contains more than 6500 bodies and more than 4500 stones, many of the stones being used to mark more than one grave. The cemetery is active and well cared for. According to markings on the stones that are still readable, the first buiral was in 1830, however, there can be no doubt that there were burials here before that (see "Old Township Section).

The "Old Township Section" contains what was once the "Ingle Family Burying Groundied" These are the oldest graves in the cemetery and are, in part, the graves of the Michael Ingle Family. Michael was the first permnant settler (1804) in Newberry Township, Miami County Ohio.

The first meeting of the Covington Cemetery Association was held on 25 December 1861 in the store of Flockemer and Kensinger. five weeks later, on 3 February 1862, four and one-half acres of land was purchased at eighty dollars per acre and is recorded in the Association minute book as: "ground adjacent to the old graveyard owned by David Ingle, four and one-half acres already laid out by him as a cemetery." This first purchase takes in all of the present day cemetery laying to the south and west of "The Old Township Section."

Sale of lots by the Covington Cemetery Association was begun on 5 April 1862, at five dollars per lot, each lot containing room for eight graves. After this date, several old family cemeteries were moved into the "new" cemetery and can be determined, in part, by dates of death before April 1862.

Before 1864, there was another cemetery located in Covington. It was on the lot beside the Baptist Meeting House on the north side of Spring Street, between Main and High Streets (see photo on page 32 of Dr. Marcus Miller's book: ROOTS BY THE RIVER.) This old cemetery was moved in 1864 into the "Old Township Section" of the Highland Cemetery.

In 1900, David Face donated the stone gate at the entrance and from time to time, more land was purchased until at the present the cemetery embraces twenty-five acres. On 1 January 1982, the "Highland Cemetery Association" was dissolved and the ownership and care of the Highland Cemetery was turned over to the Newberry Township Trustees. The Newberry Township Trustees have the records of this cemetery and should be consulted for the names of persons buried here that have no gravestones.

All of the gravestone readings in this work were taken during the summer of 1978 and are abstracts directly from the stones. In some rare cases, cemetery records were consulted in order to help the compiler (Joseph H. Bosserman, Sr.) with stones now unreadable. The readings were taken in rows and not by lots.

# Greenville Creek Cemetery

From page 146 of the Book:
"Cemetery Inscriptions of Newberry Township in Miami County Ohio"
by Joseph H. Bosserman

The Greenville Creek Cemetery is located along the west side of the Buckneck Road about one mile south of State Route 36. It is approximately three miles west of Covington and two miles southeast of Bradford. Beside this cemetery is the Greenville Creek United Church of Christ. It can also be described as being in the southeast quarter of Section 27, Town 9, Range 4.

The first burial in this place, according to the inscriptions on the grave-stones, was Lydia Hoover who died 14 April 1843, and the second was Nathan Coppock, who died 18 June 1843.

The Greenville Creek Church was organized 9 Aug. 1843 by Elder Caleb Worley and the first meeting house was built in 1844. It stood about 40 rods due north of the present (1982) church. The old structure was replaced by the present structure about 1882.

At first all burials were in "the old section" of this cemetery until 1881 when John W. Dowler platted out the "new cemetery". In 1938, Thomas C. Freshour made a "map record" of all of the graves that could be identified as such and in most cases showed the name of the person in each grave along with the year of death and sometimes the year of birth. This map is now in the care of the Newberry Township Trustees and was referred to by myself (jhb) when compiling the following list of burials.

All the following data is from gravestones except when an asterick (*) is shown which indicates Township Records were used. The stones were copied June & July 1982.

**167. Thomas[5] Coate** (Margaret[4] Coppock, Joseph[3], John[2], Aaron[1]) (Source: Linda Coate Dudick, *Descendants of John Coppock*, "Electronic.") was born December 16, 1812 in Miami Co. OH. He married **Eliza Ragan** (Source: William Wade Hinshaw, author & publisher, et al., *Encyclopedia of American Quaker Genealogy*, (Baltimore, Genealogical Publishing Co., 1973), Vol. 5, pg. 730.) Abt. 1835 in Miami Co. OH.

Marriage Notes for Thomas Coate and Eliza Ragan:
Hinshaw shows a marriage date of 6/20/1825 for this couple. This is impossible, as Thomas would have been 13 and Eliza only 6. I suspect the actual date may be 6/20/1835, which still makes for a young bride but fits comfortably with the available information.
